

ผลงานวิจัยเผยแพร่

Pradit Wangman, Parin Chaivisuthangkura, Kallaya Sritunyalucksan, Suparat Taengchaiyaphum, Saengchan Senapind, Chalanan Pengsuk, Paisarn Sithigorngul, Siwaporn Longyant. 2017. Development of monoclonal antibodies specific to ToxA and ToxB of *Vibrio parahaemolyticus* that cause acute hepatopancreatic necrosis disease (AHPND). *Aquaculture*. 474: 75-81.

Pradit Wangman, Ruthairat Siriwattanasat, Siwaporn Longyant, Chalanan Pengsuk, Paisarn Sithigorngul, Parin Chaivisuthangkura. 2017. High sensitivity immunochromatographic strip test (ICP11 strip test) for white spot syndrome virus detection using monoclonal antibodies specific to ICP11 non-structural protein. *Aquaculture*. 470: 25-31.

Ratchada Wongkanya, Piyachat Chuysinuan, Chalanan Pengsuk, Supanna Techasakul, Kriengsak Lirdprapamongkol, Jisnuson Svasti, Patcharakamon Nooeaid. 2017. Electrospinning of alginate/soy protein isolated nanofibers and their release characteristics for biomedical applications. *Journal of Science: Advanced Materials and Devices*. 2: 309-316.

Nawadon Petchwattana, Jakkid Sanetuntikul, Paranee Sriromreun, Borwon Narupai. 2017. Wood Plastic Composites Prepared from Biodegradable Poly(butylene succinate) and Burma Padauk Sawdust (*Pterocarpus macrocarpus*): Water Absorption Kinetics and Sunlight Exposure Investigations. *Journal of Bionic Engineering*. 14: 781-790.

Nawadon Petchwattana, Phisut Naknaen, Waroonsiri Jakrabutr, Jakkid Sanetuntikul, Borwon Narupai. 2017. Modification of Poly(lactic acid) by blending with Poly(methyl methacrylate co-ethyl acrylate) for extrusion blow molding. *Journal of Engineering Science and Technology*. 12: 2766-2677.

Phisut Naknaen. 2017. Biologically active compounds released and extraction efficiency of cantaloupe juice treated with combination of Rapidase EX color and Accellerase. *Nutrition and Food Science*. 47: 623-634.

Phisut Naknaen, Waranya Tobkaew and Srisunantha Chaichaleom. 2017. Properties of jackfruit seed starch oxidized with different levels of sodium hypochlorite. *International Journal of Food Properties*. 20: 979-996.

Porntip Sirisoontaralak, Praewpak Suthirak, Kanittha Papaka, Punchira Vongsawasdi. 2017. Development of shelf stable chiffon cake using gamma irradiation. *LWT - Food Science and Technology*. 75: 78-84.

Numfon Rakkhumkaew. 2017. Effects of different hydrocolloids on properties of gluten-free bread based on small broken rice berry flour. *Food Science and Technology International*. 23:310-317
